Kumihimo Beaded Braids with Adrienne Gaskell

April 13 & 14 ~ 9am-4pm

For centuries, the art of fiber braids has been part of cultural traditions throughout the world. This workshop will explore the Japanese braiding technique called Kumihimo. Students will have the use of a classic Marudai (aka a Japanese braiding table), learn set up and equipment basics, explore patterns and learn braid tension, plus other tips & tricks.

Work at your own pace...no pressure...just fun!

Learn to "think outside the bead" and create a beautiful piece of jewelry.

\$50 KIT FEE (payable to instructor) includes materials for first day. Kits for advanced projects available for purchase or you may bring your own additional supplies. Please see front desk for other needed materials.

Adrienne Gaskell has received awards at national competitions and art shows in recognition of her innovative creations, which ingeniously fuse ancient techniques with modern design. As founder of the South Florida Jewelry Arts Guild, she enjoys teaching internationally and exhibiting at juried art shows.
